From (*Name*) R. H. Ellis, Esq., I.C.S.,

(*Designation*) Collector of South Kanara.

To The Secretary to Government of Madras,

Home Department, Camp Ootacamund.

Sir,

I have the honour to submit herewith a memorial addressed to His Excellency the Governor of Madras by the members of the Devadiga Community praying for increased Educational facilities and for representation by nomination to Taluk and District Boards.

2 The allegation that only one of their community is in the Superior Government Service is correct. The strength of this community in this District according to the Census of 1911 is 19,233 males and 20,730 females.

366 males and 30 females are literate. Of these only 9 males and one female are literate in English. The school-going popula-tion at present is 581. The community is already included in the list of backward communities. The grant of their prayer that the children of their community may be given free education does not appear to me to be expedient on public grounds.

As regards their request for representation on the Taluk and District Boards by nomination, I may observe that the number of seats reserved on the Local Boards having recently been decreased what are available are hardly sufficient for the representation - of more deserving sections and technical experts. Their request therefore is not capable of being given effect to immediately -- but will be noted and remembered when a suitable opportunity -- arises

His Excellency,

The Right Hon'ble Freeman Freeman-Thomas

Baron Willingdon of Ratton,

G. C. S. I., G. C. I. E., G. B. E.,

Governor of Fort St. George.

Humble Memorial of
the Devadiga Community of the
South Kanara District.

May it please Your Excellency,

We the undersigned members of the Devadiga Community of the South Kanara District had intended to wait in deputation on Your Excellency during your visit to our district, and to lay our grievances in person before Your Excellency, but as the Collector informed us that this was not possible on account of Your Excellency's very limited stay in the District, we beg to approach Your Excellency with this humble memorial in the earnest hope that it will elicit Your Excellency's earnest and sympathetic consideration.

We beg to submit that we are one of the most backward classes of the District, being mostly dependent for our liveli-hood upon the cultivation of the soil. As the majority of our community are distressingly poor, not more than a dozen enjoy the benefits of secondary education, and consequently, there is only one member of our community in the superior service, in spite of the fact that we number about thirty thousand in the district.

3 We, therefore, request that educational facilities may be extended to us, and that the children of our community may be given free education in the schools controlled by the Taluk and District Boards. We also request that much more favourable consideration be granted to us in the matter of secondary education than is at present the case.

4. We, further, beg to submit that as yet there has been no representation of our community in the District and Taluk Boards, and that in the absence of such representation, our interests are bound to suffer. We, therefore, request that Your Excellency may be pleased to nominate members of our community to the District and Taluk Boards.
